Maverix Private Build Range

"BeXlee"

Bedrooms	Three
Bathrooms	Two
Garage	Double
Features	Ensuite, WIR, Air Con, Study Nook
House Size	167.7 m2
Suit Land Size	280 m2 & more

Appraisal Summary:

Customizable yet fully complete.

BeXlee is a modern, street appealing, three-bedroom home with an additional study nook or office space to the front. **BeXlee** has a total width of 8.95m and is ideal for blocks with 10m frontage. Suitable for land sizes of 280m² and above.

Includes three bedrooms; ensuite and large, cleverly designed, walk-in wardrobe to main bedroom at the rear of the property, offering privacy from the street and remaining bedrooms.

Double garage, linen cupboard, 2550mm (8 foot 6 inch) high ceilings throughout, quality timber look flooring to bedrooms, living and service areas, well designed, modern kitchen with Omega stainless steel gas appliances, island breakfast bar and large, walk-in pantry.

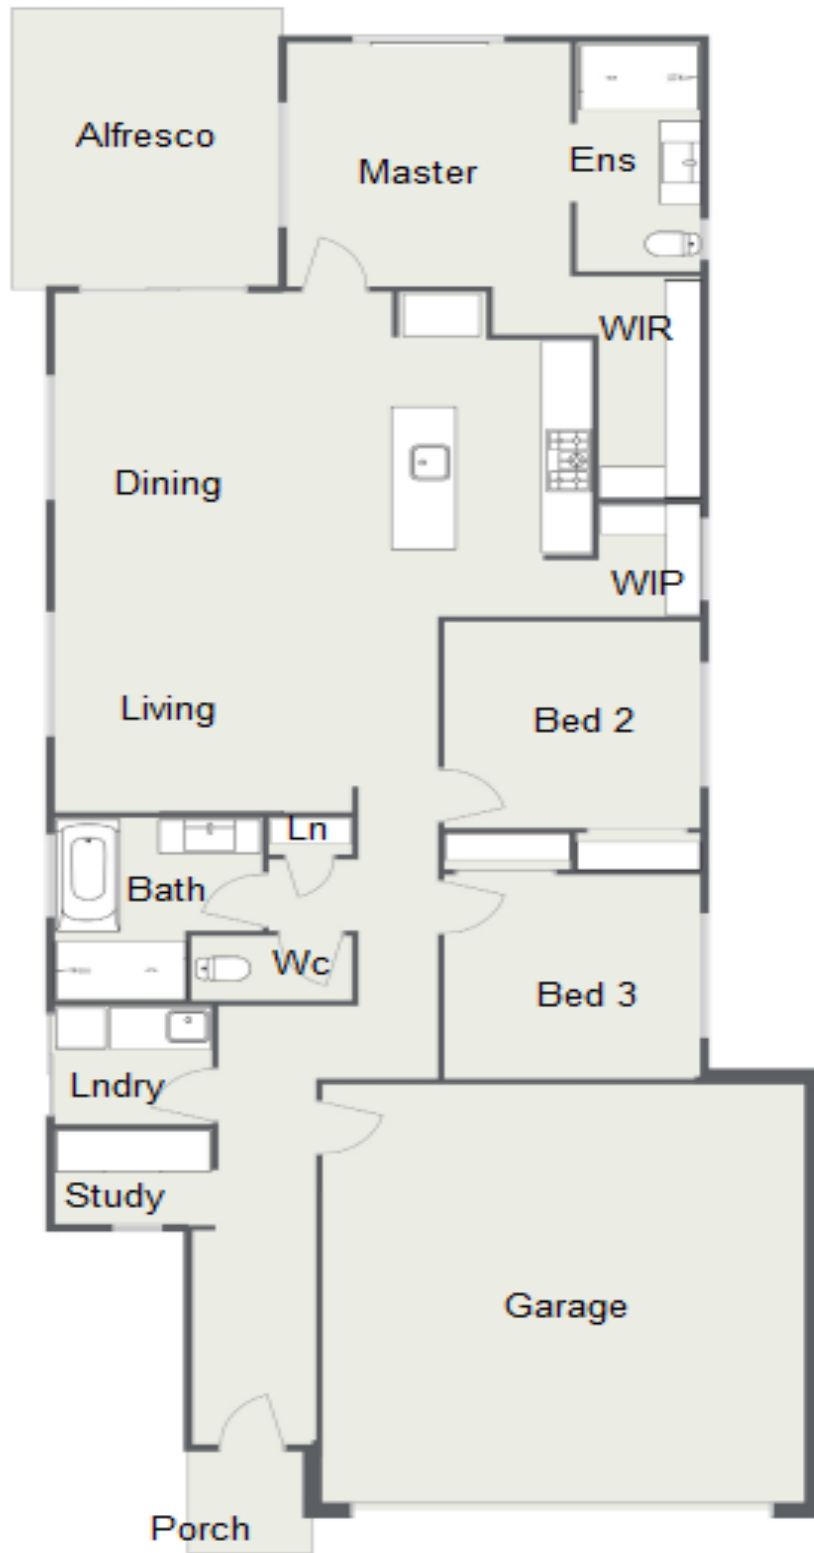

Roofed and external grade large porcelain floor tiled alfresco, fully fenced, fully turfed back garden, decorative garden beds and turfed front garden, side access gate, exposed aggregate concrete drive, street appealing front elevation.

The package is 'ready to move in' with an impressive range of quality inclusions throughout.

Built by a local, hands-on builder who ensures a high-quality construction and efficient build times. Read on to see what the **BeXlee** package includes; ready to be purchased and built upon your land.

Note: The MaveriX Property Marketing Private Built Range are designed to offer fully finished, ready to move in packages to those who have sourced or are in the process of sourcing their own land. These packages have been previously built by private, local builders who maintain their copyright for all plans and specifications. While inclusions can be customised and floor plans altered to suit your block, aspect, dimensions, budget or needs, these packages are designed to be purchased 'as is' and are quoted accordingly.

Please enquire for further information, to build, or to discuss customisation.
